

# Over Bed Table, EOS<sup>CU</sup> Top

LFO-3219OBTES

## Over Bed Table, EOS<sup>CU</sup> Top

- Height Adjustable: from 28" to 44"
- Top Size: 37" x 19"
- Lowest profile base on the market (1.75")
- Fits under almost all patient beds
- Compatible with beds with the 5th wheel, battery packs, stretchers and patient room seating
- Exposed steel; no plastic cover allows for easy cleaning of base and casters

*EOS<sup>CU</sup> solid surface top with partition, and spill catch, flush edge.*

*EPA Registration  
#84542-7*

## THE EOS<sup>CU</sup> DIFFERENCE

Only overbed table on the market that continuously kills >99.9% of all Gram-positive and gram-negative bacteria\* within 2 hours, even after recontamination.

This self-sanitizing surface requires no new or additional human processes.

Statistically proven to maintain 80% less bioburden than standard overbed table tops, up to 30hrs., remaining at a benign level of contamination without human intervention.<sup>2</sup>

### Available EOS<sup>CU</sup> Tabletop colors

Grey

Beige

### Available Base Colors

Almond (A)

Graphite Grey (G)

Nevada (N)

\*Testing of EOS<sup>CU</sup> (Antimicrobial Cupron Enhanced EOS Surfaces) demonstrates effective antibacterial activity against *Staphylococcus aureus*, *Enterobacter aerogenes*, Methicillin-resistant *Staphylococcus aureus*, *Escherichia coli* and *Pseudomonas aeruginosa*.
